Imagination, Innovation, Distinction.

Brands, websites and motion for teams who want to be remembered.

Bengaluru, India · info@mintaaz.com · mintaaz.com

Brand identity ✦ Websites & apps ✦ Growth campaigns ✦ 3D & motion ✦ Design systems

01 — Who we are

We’re makers who believe good design is good business.

An independent design studio in Bengaluru.

4	15	14+	1
Practices	Case studies	Clients	Team, idea to launch

What we do
Brand, web, apps and campaigns

Who we work with
Start-ups to global brands

How we work
Side by side, every week

02 — What we do

Four practices, one team.

Hire us for one, or all four.

01

Brand identity

Visual systems that feel unmistakably yours.

Logo · Type · Voice · Guidelines

02

Websites & apps

Fast, accessible products, easy to run.

UI/UX · Web · Mobile

03

Growth & campaigns

Launches measured on what matters.

Strategy · SEO · Social · Email

04

3D & motion

Renders and films that bring ideas alive.

Products · Spaces · Films

AI does the legwork. People decide.

01 · Discover

Research agents read the room

Market and review research, then a session with you.

Human call: we pick the problems worth solving.

02 · Define

Strategy, stress-tested by models

Positioning, scope and a fixed plan.

Human call: AI personas checked against real people.

03 · Design & build

Generate wide, then craft deep

Many directions, then the right one, built well.

Human call: weekly reviews on real screens.

04 · Launch & grow

Agents stay on watch after launch

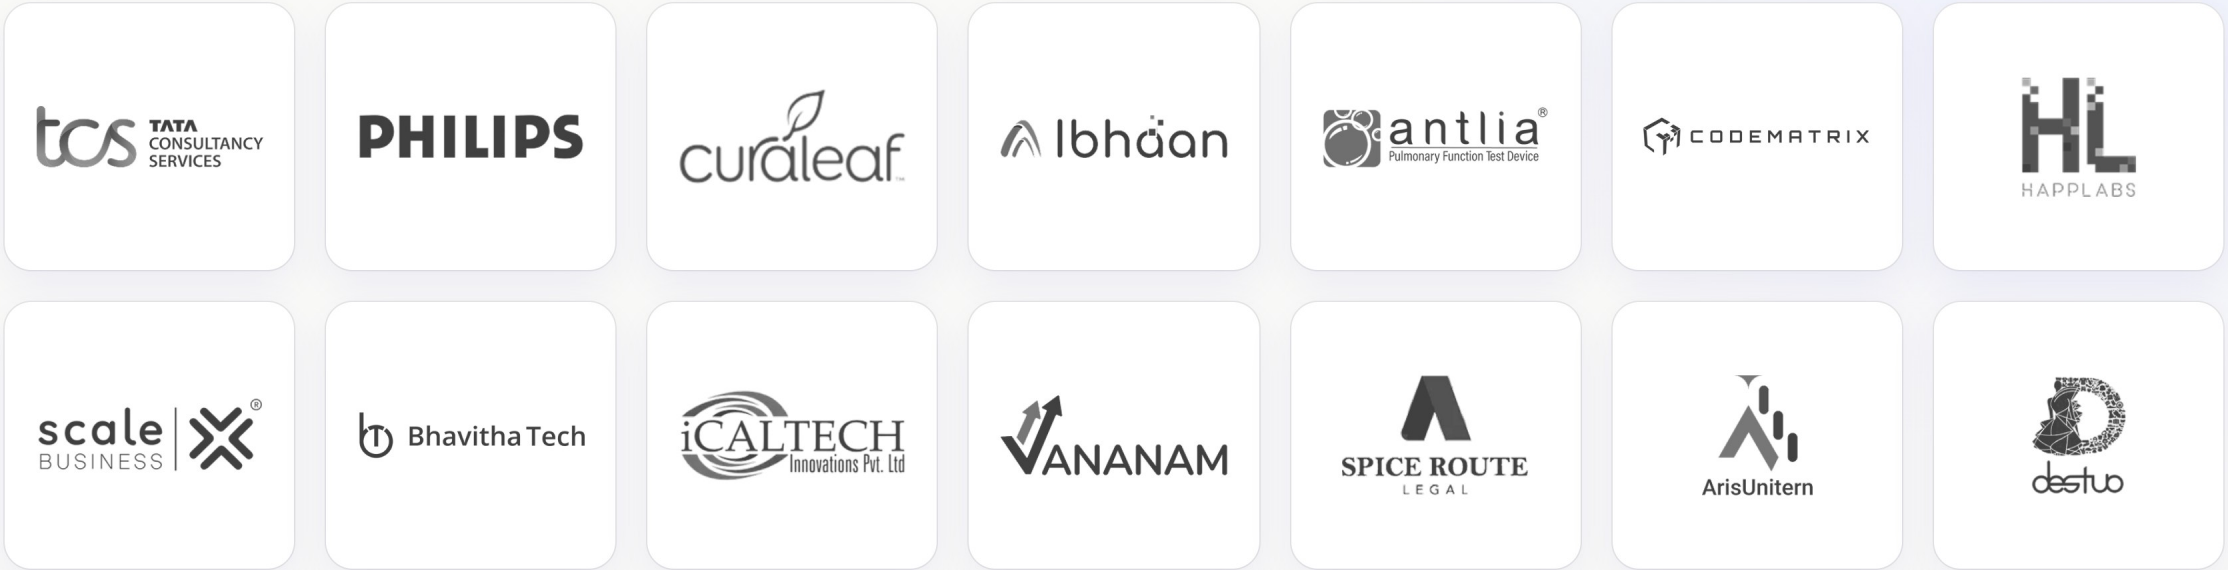

Speed, access and analytics, always watched.

Human call: a real person stays on call.

04 — Clients

Trusted by start-ups and global brands.

From early-stage founders to enterprise names, across fintech, health, AI, EdTech and Web3.

05 — Selected work

Brands, products and launches we've shaped.

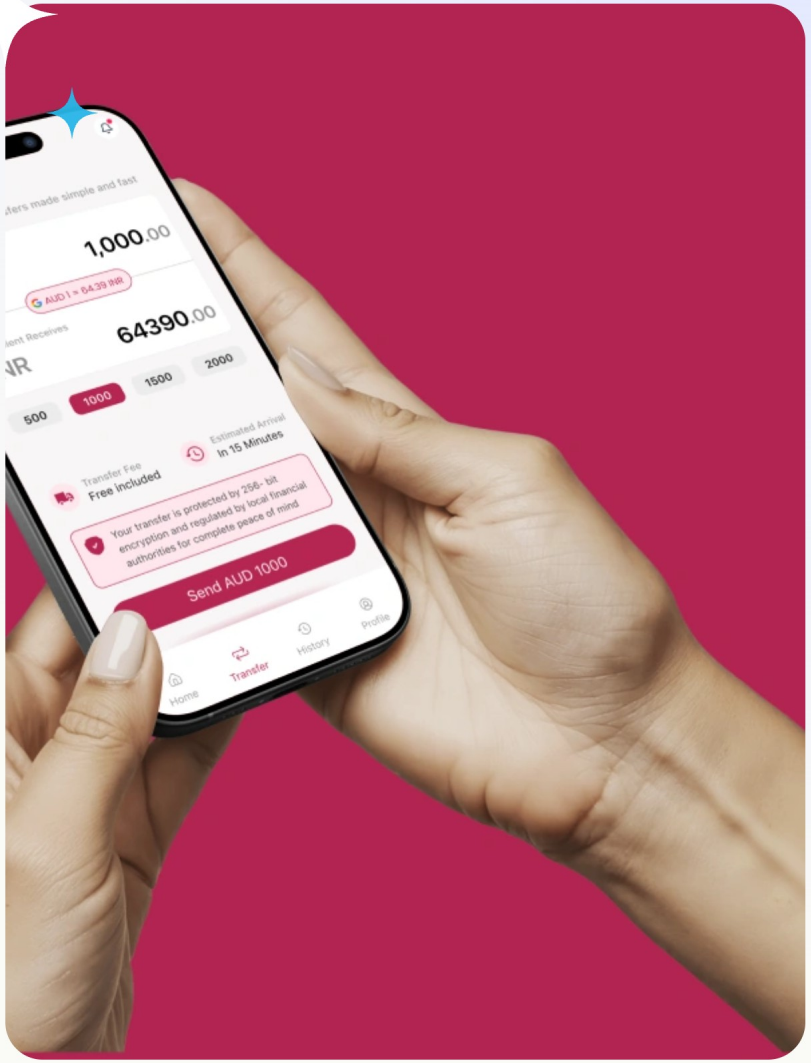

Illustration 2025

Book cover · Print

Case study · Fintech app

TenX: sending money, made simple.

A money-exchange app that makes sending and converting money feel simple, transparent and secure — with a clear flow through every step of a transfer.

What our user research found

80%
frustrated by complex conversions, unclear fees and multi-step transfers

65%
struggled to compare live rates and time transfers

66%
wanted one dashboard connecting all their accounts

Case study · Smart hardware

Happtag: tag it and stop forgetting.

A Bluetooth tracker for Smarthapps, taken end to end: research, product renders, brand identity, packaging and a friendly companion app.

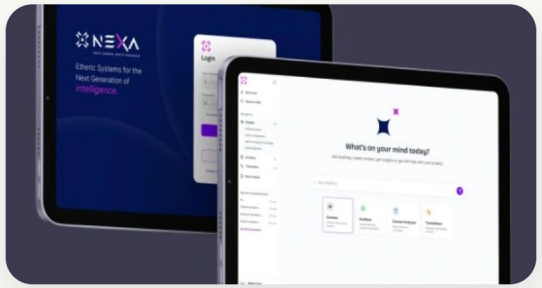

What our user research found

72% misplace everyday items frequently

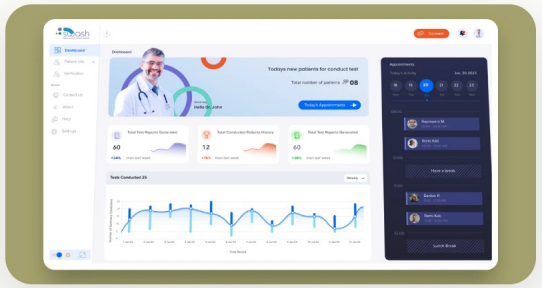

68% preferred a budget-friendly tracker

83% stressed encryption and location privacy

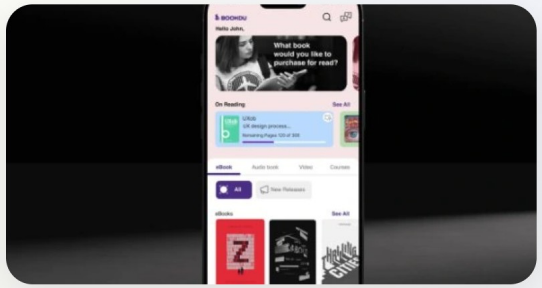

One studio, many industries.

BOOKDU · SaaS · Reading app

PrepMySkills · Kids EdTech · Tablet

Zave · Fintech · Brand identity

UAX Stake · Web3 · Landing page

ArisUnitern · Rebrand · Print

BILLD · Billing · Website

07 — What we believe

Help ambitious teams look as good as they are.

01

Clarity over cleverness

If a customer can't get it in five seconds, we keep going.

02

Design with, not for

You're in the room every week. No big-reveal surprises.

03

Built to last

Systems your team can run long after we hand over the keys.

04

Curious, always

We ask the extra question. It's usually where the idea is.

08 — Working together

From first hello to a clear proposal.

1

Send a brief

Tell us where you are and where you want to be.

2

We reply in 2 days

We read every brief and reply within two working days.

3

Free intro call

A 20-minute conversation with our founder to get the scope right.

4

Clear proposal

Scope, timeline and an honest estimate, priced per project.

NDAs welcome — yours or ours

Remote-friendly across time zones

Weekly reviews, no big-reveal surprises

Want your brand to be remembered?

Tell us where you are and where you want to be. We'll come back within two working days with ideas, a plan and an honest estimate.
